

# Become a sponsor of Kipepeo Society and support the non-profit organisation Kipepeo Tanzania [www.kipepeo-kiwavi.com](http://www.kipepeo-kiwavi.com)

The Society aims to assist the registered non-profit organisation Kipepeo which is located in Moshi; Tanzania. Support will be given by financial and material help, but as well with helpful thoughts and new ideas from the board members. Our main goal is to raise funds and assist Kipepeo to develop their project.

The Society has no commercial purposes nor does it strive to have own profit. The board members are joining on a voluntary basis. As a sponsor you support their aspirations and you help giving hope to street children, families and individuals for a better future.

➔ To reduce costs and effort we will reply by e-mail if possible.

➔ One-time donations are welcome, even without patrons.

## Non Profit Organisation Kipepeo Tanzania

### Who we are:

We are a registered non-profit-organisation which aims to support families in difficult life situations.

### How do we help:

**Goal 1:** *To support parents on different and individual ways, which enables them to retake the responsibility for their own children in the future. Through education; training; work; advice; finding mutual solutions etc.*

**Goal 2:** Preventative with education we want to sensitize and prepare youth on relationships, marriage and sexuality.

### Why?

By fact, the most children living on the street or growing up in orphanages would theoretically have family members or relatives. Unfortunately, caused by different reasons, they do not have the ability to raise up their children by themselves. We are convinced that a family is the most important basis of every human being and we believe that by helping to fix , we want to give children a chance to grow up at home.

**Where we work:** Mainly in the villages surrounding Moshi, Tanzania, because many street children in town come from there.
